Illinois Commerce Commission On Its Own Motion	)	
Investigation into the Customer Authorization Required for Access by Third Parties Other than Retail Electric Suppliers to Advanced Metering Infrastructure Interval Meter Data	)	Docket No. 15-0073

VERIFIED FINAL COMMENTS OF
THE RETAIL ENERGY SUPPLY ASSOCIATION

The Retail Energy Supply Association[1] ("RESA"), by and through its attorney, Gerard T. Fox, pursuant to 83 Illinois Admin. Code Part 200 and the Administrative Law Judge's Ruling, hereby submits the following Final Comments in the above-captioned proceeding, the Illinois Commerce Commission's ("Commission") investigation into the customer authorization required for access by third parties other than Retail Electric Suppliers to Advanced Metering Infrastructure Interval Meter Data.

RESA limits its Reply Comments to a single issue--the customer authorization language to be adopted in this proceeding. In prior comments, RESA recommended that the Commission should adopt the customer authorization language for RESs set forth in the Commission's Order

[1]The comments expressed in this filing represent the position of the Retail Energy Supply Association (RESA) as an organization but may not represent the views of any particular member of the Association. Founded in 1990, RESA is a broad and diverse group of more than twenty retail energy suppliers dedicated to promoting efficient, sustainable and customer-oriented competitive retail energy markets. RESA members operate throughout the United States delivering value-added electricity and natural gas service at retail to residential, commercial and industrial energy customers. More information on RESA can be found at www.resausa.org.

in Ill. C. C. Docket 14-0701 (Attachment to April 1, 2015 Order), modified to reflect the fact that the authorization in this proceeding is for non-RESs and to include specific language prohibiting sale or licensing of customer information. RESA accepts the standard language proposed by the Commission Staff on June 12, 2015 as modified by the Commission Staff on June 18, 2015. RESA believes that Attachment 1 to these Final Comments correctly states that language.

Respectfully submitted,

Retail Energy Supply Association
