INSTRUCTIONS

1. Please list each question and answer on the same sheet of paper using a separate sheet for each interrogatory number, and sequentially number the pages of each response (e.g., p. 1 of 5, etc.). At the top of each page, clearly identify the Docket Number, the interrogatory number (including the prefix), the name of the responding entity, the person responsible for the response, and the date of submission.
2. If a response to any of the requested information has already been filed in response to another Participant’s interrogatory in this proceeding, please reference the interrogatory that provides the information.
3. If the Company contends that any answer to any of these interrogatories is privileged in whole or in part, file with the response to these interrogatories a statement in writing that: (1) identifies each such interrogatory answer; (2) states its general subject matter;

and (3) states in detail the basis for each claim of privilege made with respect to it. If a claim of privilege is made to only a part of a response, then in addition to the statement required herein, produce a public copy of such response from which the alleged privileged portion has been redacted, noting where such redactions have been made.

4. If subsequent to the Company's initial responses to these interrogatories, the Company discovers additional or new material or information responsive to any interrogatory or that any response provided herein was totally or partially incorrect or, even though correction was made, a response is no longer true, the Company must promptly file supplemented and/or corrected responses.
